Mohammad Shafi

Data Analyst |SOL |Business Intelligence

Emolicshafi252@gmail.com   +917051477648   Barmulla jammu and kashmir

SUMMARY

Enthusiastic and detail-oriented Data Analyst with a strong foundation in SQL, Excel, Power BI, and Python. Skilled in transforming raw data into meaningful insights through effective visualizations and storytelling. Recently completed hands-on projects in data cleaning, dashboard creation, and exploratory data analysis. Passionate about solving real-world problems using data and eager to contribute to data-driven decision-making in a professional setting.

EXPERIENCE

Junior Data Analyst

Academic Project | [Guru Kashi University] — Jan 2025 – Apr 2025

- Collected and analyzed medical data to predict the likelihood of heart disease using Python.

- Performed data cleaning, feature selection, and exploratory data analysis using **pandas**, **matplotlib**, and **seaborn**.

- Applied machine learning algorithms like **Logistic Regression**, **Decision Tree**, and **KNN** to classify heart disease outcomes.

- Achieved an accuracy of **[85%]** and visualized model performance using **confusion matrix** and **ROC curves**.

- Presented findings and model results to faculty using charts and summary tables

EDUCATION

Bachelor's degree in Computer Science

Guru Kashi University

2022 – 2026   Talwandi sabo, Bathinda Punjab

Higher Secondary Education

Govt. Higher Secondary School

2020- 2021   Wagoora, Baramulla J&K

LANGUAGES

English
Native   ●●●●●

Urdu
Advanced   ●●●

STRENGTHS

Data Analysis Proficiency

Adept at turning raw datasets into actionable insights through visualizations and reports, enhancing decision-making efficiency by over 30%.

Business Mindset

Aligns data insights with buisness needs to support strategic decision making.

Communication

Translates complex data into simple insights to support collaboration across teams and stakeholders.

SKILLS

SQL	Tableau	Python	ML
Data Studio	Data Analysis		Big Data

CERTIFICATION

Dta Curation Techniques

NIELIT ROPAR CHANDIGARH – Cpmpleted certification course focused on managing, organizing, and preparing data for analysis

PASSIONS

Data Visualization

Passionate about discovering insights hidden in large datasets.

Tech Advances

Continuously exploring and learning emerging technologies and their applications in data analysis.
